

Product Information

Propargyl PEG reagent, Bis-propargyl-PEG18, Purity 98%

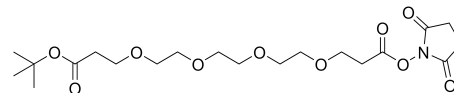

Cat. No.: X24-10-WXX154

Size: 250 mg; 500 mg; 1 g

CAS Number: 124238-56-8

PubChem CID: 102514856

Synonym: Bis-Propargyl-PEG18; 124238-56-8; Alkyne-PEGn-alkyne 2K, 5K, 10K, 20K; 4,7,10,13,16,19,22,25,28,31,34,37,40,43,46,49,52,55-octadecaoxaocapentacon ta-1,57-diyne; Bis-propargyl-O-PEG17

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	Bis-propargyl-PEG18 has two propargyl groups, designed for copper-catalyzed click chemistry reactions with azide biomolecules or compounds. The PEG spacer increases water solubility.
Molecular Weight	843
Molecular Formula
